

Antique Gothic Altar, Ambo, and Baptismal Font

The sanctuary houses a matched antique set of solid walnut altar, ambo and baptismal font circa 1890, used in an Episcopal Church in Philadelphia, Pennsylvania until the late 1980's. The set was purchased by another Philadelphia church for use in a new church which was to be constructed. The church was never built, and the set was purchased in 2004 from Jason's Antiques and Auctions in Lyndhurst, NJ, by St. John's Episcopal Church, Odessa, Texas. This furniture was restored locally by Roy Ramos and the workers at Unique Refinishing.
